Intimate Wedding Selection

The Intimate Wedding Selection is usually about very simple vows. There are not a lot of guests. Usually if there are, it is just very close friends or some family. It's mostly about the "I DO" part and not much about a gathering or celebration following in another location .

Includes:

One location coverage for 1 hour.

Between 50 to 75 image files to select from.

Online website viewing for 90 days.

Receive, 4- 5" x 7" prints.

Up to 100 miles of travel to & from location.

Lab Disc, (it's like having the negatives...)

Intimate Wedding Selection.....\$195

Price Considerations for over runs...

Additional time:

\$100 for the first additional hour and \$75 for each additional over run hour fraction there of.

Additional location:

\$75 if distance is not grater than 50 mile. Additional location travel beyond 50 miles is \$.50 per mile required to get to the additional location.

Additional picture files to select from:

Beyond 100 picture selection files to select from, add \$20 for each 100 additional files or fraction thereof. This covers the additional post event editing work.

Extended online website:

To extend website viewing beyond 90 days, payment of \$1 per image must be paid before viewing time expires. If time has expired re-posting to the web is at \$3 per picture.

Free stuff:

Some of the above listed over run items may be waived and not be charged for.

In consideration each others best interests, I often ignore cost/price over run of some of the above consideration factors.

For instance, if you put together an intimate wedding, that is fun and interesting allowing for very creative moments, and allow me to use them to promote my services, that is worth a lot to me. I make sure that you benefit from it also.
